

Liquid Disposal Safety Cans

Waste Disposal Safety Cans - Liquid Disposal Cans and Drain Cans

Liquid Disposal Safety Cans

HDPE disposal cans provide a solution for the containment of liquid flammable or corrosive waste.

- Durable poly in safety red or translucent white to easily detect liquid level
- Current-carrying, patented carbon insert embedded in the container allows for proper grounding
- Stainless steel handle and hardware with latch-catch system hold the cap open for easy filling and pouring
- Provides superior chemical resistance and leak protection
- Broad-base design prevents accidental tip over
- Independently tested and approved by FM Approvals
- 14265: Available with built-in gauge that pops up to warn you that the container is almost full (Not FM approved)

Colors:

- Red
- White

Sizes:

- 30.5cm x 37.5cm
- 30.5cm x 50.8cm
